

IT'S TIME TO STOP PATENT TROLLS

Patent trolls use bad patents to bully companies of all sizes, draining the economy of \$80 billion every year. Trolls threaten businesses like supermarkets, restaurants, retailers and startups with lawsuits, forcing them to go to court or write a check — money they can't spend on hiring and growth.

Only Congress has the power to stop bad patents and stop the trolls. Go to StopBadPatents.com and tell them to take action now, so we can all get back to business.
